

Association of Churches Application

Christian Care Ministry, Inc. is an association of churches—churches who’s broader vision includes promoting the comprehensive health of their members and ministry staff.

We believe that making day-to-day choices that promote health:

- honors God, our Creator, by whom “we are fearfully and wonderfully made,”
- enables us to more effectively and energetically serve God in every major area of life—spiritual, relational, vocational, and recreational, and
- allows us to direct financial resources to the ministry of the church that would have otherwise been applied to the diagnosis, treatment and management of entirely preventable disease.
